Joshua first started advertising with Valpak back in May 2020 to build awareness and bring in new customers. We asked Joshua how his Valpak programs were performing for him and he told us *"We have received over 6 new jobs totaling over \$25,000 in just 6 months in the middle of a pandemic.* We then asked Joshua how Valpak compared to other forms of advertising he has done and if would recommend Valpak to other business owners, Joshua went on to say *"Valpak consistently outperforms the newspaper and Community Values. We love how we can reach so many different markets throughout NH, we currently to 40,000 homes. I love the customer service we receive from Valpak. I would highly recommend Valpak to any Home Improvement company because it works and works really well."*
